Hard working software engineer with a strong history in management and a passion for all things tech. Able to build a web presence from concept and design to writing code. Self-directed learner, regular attendee of tech meetups and hackathons, and an open-source project contributor. Free time is spent self teaching French, rock climbing, tinkering with fountain pens, knitting, and volunteering.

Technical Skills

Ruby / Ruby on Rails
JavaScript / ES6 / jQuery
AngularJS / Node.js

Python
HTML / Sass / CSS / Bootstrap
PostgreSQL / MySQL

Git
Bash
RESTful APIs / AJAX
